

5 STEPS TO ELIMINATE BED BUGS

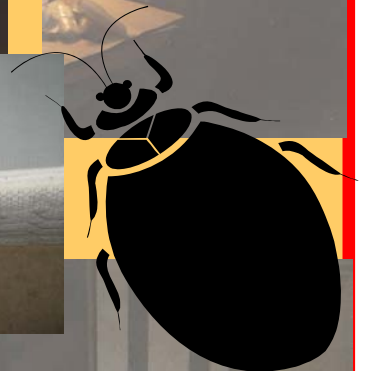

Our service is geared to work along with any pest control operator

Our movers recognize the anxiety & psychological state that a family is enduring while dealing with their BED BUG DILEMMA

SO HERE IS THE SOLUTION....

- 1.) Pest control operator advises client what should be removed from premises
- 2.) Our team suits up and wraps everything to ensure that bed bugs cannot escape while contents are loaded onto our trucks and transported to fumigation center.
- 3.) 3rd party fumigator is arranged to fumigate entire truckload ensuring a 100% kill rate.
Fumigant is colorless, odorless, tasteless and leaves absolutely no residue
- 4.) Pest control operator treats premises while contents are quarantined
- 5.) BED BUG FREE contents are returned to premises or placed into our storage facility for future delivery

Don't let the bed bugs bite
