## FOR IMMEDIATE RELEASE

### **Moving Company Helps Residents and Businesses Spring Forward Into Spring Cleaning**

**Ozone Park, NY, 03/22/10:** On your mark, get set, clean! When March approaches people find themselves making the long awaited transition from winter to spring; a transition that generally includes the often dreadful or loved task of spring cleaning. [Moving Right Along Moving and Storage](#), a full service one stop moving, packing, shipping, storage, clean-out and home cleaning company in Ozone Park, NY, is helping residential and commercial clients tackle tough cleaning projects in efforts to greet the warmer weather with less clutter and allergens.

Since being on the go is common among many business professionals in New York City cleaning and junk removal can become a time consuming chore. "As one of New York's busiest real estate stagers, I work with many of the city's top brokers. Moving Right Along has consistently helped me achieve quick turnaround staging under tight deadlines," says Narin Friedman, MBA, Certified Staging Professional and Trainer.

Jim Rueda, owner of Moving Right Along Moving and Storage, has been in the moving industry for over thirty years, providing clients a variety of services that have surpassed their expectations, making them satisfied customers. "We renovated our new home and it was a mess from the dust. There was no way we could have moved in under these conditions and it was a job too big for me and my husband. Your five person cleaning crew did a fabulous job. We appreciate the respect they had for our property and possessions," says Gayle Susser.

For Immediate Release, March 22, 2010

Since its inception in 1976, Moving Right Along offers a full range of moving services such as, clean outs, residential and commercial moves, junk removal, storage, and estate resolutions. This one stop family owned and operated, insured and licensed company is able to assure clients a smooth transition to their new homes or offices, whether it is locally, interstate or overseas. Their uniformed employees are not only knowledgeable, but also friendly and accommodating, consequently, making the actual moving experience a trouble-free venture.

In fact, many clients claim that the easiest part of their moving process was the move itself. Moving Right Along is licensed by The Department of Transportation, The Department of Consumer Affairs, and The Federal Department of Transportation. An upstanding member of the Long Island, State and National Moving and Storage Associations, The Better Business Bureau and The National Association of Senior Move Managers, Moving Right Along has a proven track record of quality service and customer satisfaction.
